

Demand Simpson Vote Inquiry

(Continued from Page 7)

to Thomas A. McDonald, superintendent of elections, charged with the duty of preventing election fraud, without action on his part I am directing it to your attention, believing you to be a conscientious supporter of the laws of our country.

"At the same time it might occur to you that an organization such as Mr. McDonald heads should be able to function more efficiently in view of the fact it spends more than \$100,000 of the taxpayers' funds each year.

Occupies Apartment

"I know from personal observations that Senator Simpson occupies an apartment at 1385 Boulevard East in West New York, N. J., and that he has lived there for some time. The apartment is designated as E-2 and the name 'A. Simpson' appears on the doorbell. Chapman insists that the senator has not lived in the Elks Club for eight or nine months.

"This, Mr. Prosecutor, should be a clear case of gross irregularity, to say the least. Why Mr. McDonald failed to investigate is a question that voters in Hudson county should have answered.

"As a Republican worker, with the best interest of my party at heart, I feel it my duty to lay all these facts before you, with the assurance that you will weigh them according to their worth."

In League With Hague

Axelrod told THE GRAPHIC that the fact that McDonald refused to investigate the senator's vote is "conclusive proof that he is in league with the Hague organization" in Jersey City. McDonald is a Republican, and Mayor Frank Hague Democratic boss.

"This is not the first time I have learned of voting irregularities in Hudson county," Axelrod said. "One year I found fifteen enrolled Democrats voted in Republican boxes. I called McDonald's attention to it and then went before the grand jury. Nothing was done about it, and that is why I requested the indictment of McDonald for what I considered malfeasance in office."

With important developments following each other in rapid succession, it became a likelihood today that Superintendent McDonald will be questioned by Prosecutor Milton to determine what part the former played in this complaint.

Axelrod feels that Mr. Milton should investigate, and then if he sees fit place evidence in his possession before the grand jury for the indictment of whatever persons have failed to live up to the law. Both Axelrod and Chapman are convinced beyond a doubt of the irregularity of the senator's vote.

Election frauds are punishable by jail sentences and fines. The sentence cannot exceed three years.
